IN THE SPECIFICATION

Please amend the last paragraph on page 4 of the Specification and continuing on page 5 of the Specification, said paragraph beginning with the phrase "Server 12 also" and ending with the word "products", as follows:

Server 12 also executes expiration management software 26 which tracks product expiration information. Expiration information is stored within expiration data file 28, either locally at server 12 or at another server, such as a World Wide Web (Web) server 16 having a web site 29 of the seller, who may be a supplier or manufacturer, and who determines the expiration information for its products.
